

Faculty, Department of Behavioral Medicine

In His Image Family Medicine Residency at St. John Health System in Tulsa, Oklahoma invites applications for a faculty position in the Department of Behavioral Medicine. This is a full-time, 12-month position, with an open start date but ideally no later than June 1, 2020.

RESPONSIBILITIES:

Primary responsibilities include training family medicine residents in psychological knowledge and skills; leading resident well-being programs; and both teaching and monitoring the interpersonal and communication skills of residents. The ideal candidate is team-oriented and will provide behavioral medicine education, clinical service, and mentorship from a Christian integration framework within the IHI residency program. IHI faculty work effectively with diverse populations as excellent teachers, servant leaders, and active scholars.

Candidates are expected to provide mental health consultation in the ambulatory and inpatient medical setting, co-counseling in the outpatient setting, and guide residents in the process of acquiring mental health and community resources for patients. Additionally, candidates will provide outpatient mental health services to patients and families.

QUALIFICATIONS AND REQUIREMENTS:

Education & Credentials: Ph.D., Psy.D., or equivalent mental health related terminal degree, from an accredited U.S. training program. Licensed or license eligible within the state of Oklahoma.

Experience: Candidate should have both strong teaching and leadership skills along with a history of active participation in professional organizations. Additionally, candidates should demonstrate experience providing assessment and mental health services to diverse populations.

Desire: We are looking for: Candidates seeking to meaningfully integrate their faith in teaching and practice in order to serve and touch lives locally and internationally; Candidates wanting to engage as an integral and valued part of a caring educational community dedicated to compassionate whole-person care.

About In His Image:

In His Image, an ACGME accredited community-based Family Medicine Residency training program, has trained Christian physicians for the past 35 years and currently has 20 attending physicians and 3 behavioral medicine faculty. Our mission is to improve health and bring hope by training physicians in our Family Medicine Residency Program, giving excellent holistic healthcare to our patients and providing medical education and healthcare overseas.

We train our residents to practice compassionate medicine in a wide variety of settings, focusing on medically underserved populations in the United States (both urban and rural) and overseas. See www.inhisimage.org for more about In His Image.
